

ONE STOP. ALL SOLUTIONS.

Innovative and Sustainable Construction Solutions

At **R-BUILD**, we are more than a Buildings materials manufacturer and supplier - we are an integrated strategic partner to the construction industry.

Established through the merger of two of Kuwait's industry pioneers - SOS Chemicals Co. and K Five for General Contracting of Building Co., both part of Al-Rashed Holdings - **R-BUILD** brings together decades of expertise, advanced manufacturing capabilities, and a shared commitment to excellence.

Our comprehensive portfolio spans high-performance Buildings accessories, expanded metal products, advanced chemical formulations, and structural solutions - engineered to meet the evolving demands of the region's construction and infrastructure sectors.

By combining global standards with local manufacturing expertise, we empower builders, engineers, and architects to create stronger, more efficient, and more sustainable structures. From concept to completion, **R-BUILD** delivers trusted, world-class solutions - made locally and built for lasting performance.
